Covid-19 Appeal, Lweru Diocese, Tanzania

Partner with us in serving the Lord's people

The Covid-19 pandemic has brought great hardship and uncertainty to the world.

For the 65 pastors and 125 evangelists serving the rural Diocese of Lweru in Tanzania, reduced offertories mean that the church is unable to meet even the basic needs of their families.

Paul commends the Macedonian church for the richness of their generosity. Despite their poverty, they begged to share what they had with their brothers and sisters in Jerusalem (2 Cor 8:1-7).

It is in this same spirit, we ask you to 'share in the service to the Lord's people'. Your contribution will allow us to feed the families of these pastors and

evangelists, and enable them to continue their work in the Lord.

Your donations are tax deductible.

Share your blessing

Indonesian Covid-19 Appeal Update

Making your Gift Count

We are pleased to report that our partner All Saints Jakarta continues to ensure that the benefits of your gifts are maximised. Working with the local government, they identify needs and opportunities.

Instead of one-off hand-outs, they opt for sustainable activities including **re-investing into local vendors, initiating community fish and hydroponic farming, and providing micro-loans.** To help connect the church to the community, they provide **free internet** for school children moving to online-learning due to Covid-19.

Your ongoing support is needed. Read more [here](#)

TO SUPPORT A MINISTRY FAMILY IN UGANDA

ARDFA.ORG.AU

goat rearing enables clergy families to supplement their meagre income while fulfilling their ministry

Uganda Farming Enterprise

Goats for Clergy Families

There was much excitement last week when a goat was presented to each of the clergy wives in the Diocese of West Ankole, Uganda, where a typical pastor earns less than \$140 per month.

By providing the goats, we encourage the wives of clergy to start **goat-rearing enterprises.** In doing this, **we are helping women to provide for their family and learn business skills, as well as resourcing the church.** Goats are perfect as they provide milk and meat, fertilise the ground, and eat almost anything.

Could this be a project for your church, Sunday school, or family? Find out more [here](#)
