## Chloe

Chloe is a beautiful and determined young lady who lives with ataxic cerebral palsy. When Chloe was first connected with Novita in 2006, the focus was on the fundamentals of communication and physical conditioning and occupational therapy for the daily challenges she faced around the house and at school.

"Chloe's focus now is to further developing those skills necessary to assist in her transition to assisted employment and ultimately the independence that she would like. This journey has no finish line and it cannot be undertaken without the help of people like you and support of Novita, who have been able to adapt and best support Chloe as she moves through her life." Tim, Chloe's dad.

- It's fun!

Through your support of the 2021 Mighty River Run you will be helping kids, young people and adults living with disability to achieve their dreams. "2020 was my first Mighty River Run and it was a fantastic event. Two of my crew members had previously taken part in the run and suggested I get involved. I was really happy that I entered my boat last year because we had a great time on the river with all the other crews, whilst raising money for such a great cause. I liked the event that much that I'm entering two boats in 2021."
