

Your Donation Powers Relief

Support Families Affected by Eating Disorders

RECHARGE 4 RECOVERY

is Eating Disorders Families Australia's (EDFA) annual fundraising campaign. It provides renewed energy to carers through a wellbeing focus and lots of community support throughout June.

1. **Recharge yourself** so you can go the distance during your loved one's recovery.
2. **Recharge EDFA's services** – to ensure we are here to support, educate, and advocate for eating disorder carers as they undertake the recovery journey with your loved one.
3. **Recharge the community's awareness** of how eating disorders impact families and those they are caring for.
4. **Recharge yourself** for any challenges you may face.

All of the money you donate as part of Recharge 4 Recovery goes directly to our work.
