

MATCH GIVING LETTER

Why not ask your work to match your donations or support you by giving a donation?

Once you're finished your challenge and you know your total amount raised to use the letter below to send to your boss or relevant department at your business:

Dear **(enter name)**

*A challenge fundraising event, Run for Wild Places, brings crazy people like myself together to run as many kilometres in April to raise money and awareness to enable the **(enter charity partner you have picked)** to protect **(enter wild places here)**.*

*I've set up my own fundraising page which can be seen viewed here **(enter your fundraising page)** and have already raised \$**(enter amount)**.*

However, I would really like to raise more for this cause and this is where you come in.

Could you match or make a contribution towards my fundraising total? Any donation, large or small, will make a big difference.

Many thanks for your support and consideration

(Your name)
