

Crazy Hair Day

Want to come to school with the craziest, wackiest, most creative hair?
And do you want to show kids and grown-ups going through a tough
time right now that you care about them?

Then you should join in with the Crazy Hair Day at your school!

What is Crazy Hair Day?

One day, a group of very crazy and very hairy people came together to create Crazy Hair Day, as a way to show Kiwis going through blood cancer that we care about them.

What is blood cancer?

There are eight grown-ups and kids diagnosed with blood cancer each day in New Zealand.

You might know someone going through blood cancer right now – they can have

strange names like leukaemia, lymphoma and myeloma.

It can be a really difficult and painful thing to go through.

And, often when people go through blood cancer, they will lose their hair. Can you imagine how sad and scary that would be? They might even feel really alone. BUT – you can show them that they're not alone, by doing a Crazy Hair Day and making your hair look as wacky and weird as possible!
